

1850 SUPERCAB

STABICRAFT® CLASSIC GOES **NEXT LEVEL**

The 1850 Supercab is a reboot of a classic Stabicraft® model, revisited and reinvigorated with a new and modern aesthetic reflective of Stabicraft's latest design DNA.

We have listened to feedback on the previous model and have incorporated some significant changes that greatly improved what was already a sensational boat.

It's longer, wider, drier, carries more fuel and delivers a massive interior volume where even the biggest of statures will feel comfortable at the helm.
